After successfully log in, user will face this beautiful dashboard.

After pressing navigation menu a drawer will be appeared here.

This drawer contain some action. Home will re-direct the user to home page. Profile for updating the profile . When user click on feedback it will redirect to write an email to Authority.

A mobile application interface for updating a user profile. At the top, a status bar shows network speed (32B/s), signal strength, battery level (33%), and time (11:36 AM). Below this is a circular profile picture placeholder with a silhouette icon. The email address *mahedihasanrabby420@gmail.com* is displayed. The form contains three input fields: 'Enter your name', 'Set your bio', and 'Select your gender'. The gender selection has two radio buttons labeled 'Male' and 'Female'. A blue 'UPDATE PROFILE' button is at the bottom of the form. The entire interface is set against a light gray background with a black bottom navigation bar.
